

Archway Classical Academy - Trivium West

Intro to STEM Using Lego Materials

Tap into your imagination with tens of thousands of LEGO® parts! Build engineer-designed projects such as: Boats, Snowmobiles, Catapults, and Merry-Go-Rounds. Design and build as never before, and explore your craziest ideas in a supportive environment. There are no prerequisites for this course.

Archway Classical Academy - Trivium West

8/21/19 - 10/2/19	Grades K-3	Intro To STEM Using LEGO Materials	1:55-3:25
-------------------	------------	------------------------------------	-----------

Class limited to 15/Register at www.play-well.org
