

Paper Pie “Reach for the Stars” Read-a-thon Program & Book Fair

Archway Trivium is sponsoring a Reading Challenge beginning Friday, September 29. This is not a mandatory program and participation is not required, we just want to promote a fun way to encourage reading over fall break and build excitement for the book fair!

We will continue the friendly grade level reading competition. For grades 1-5, the PSO will reward the scholar who reads the most minutes in their grade level with a book of their choice at the book fair! Additionally, the top 3 readers in each grade will also be featured in the school yearbook. All minutes spent reading during the 10 days can be added to the reading log. The minutes will add up quickly! *Kindergartners are allowed to participate as well, but since reading is often done by or with a parent, they are not competing grade wide.

This year, the classroom with the most participants will be rewarded with a popcorn party by the PSO! Encourage your classmates to participate!

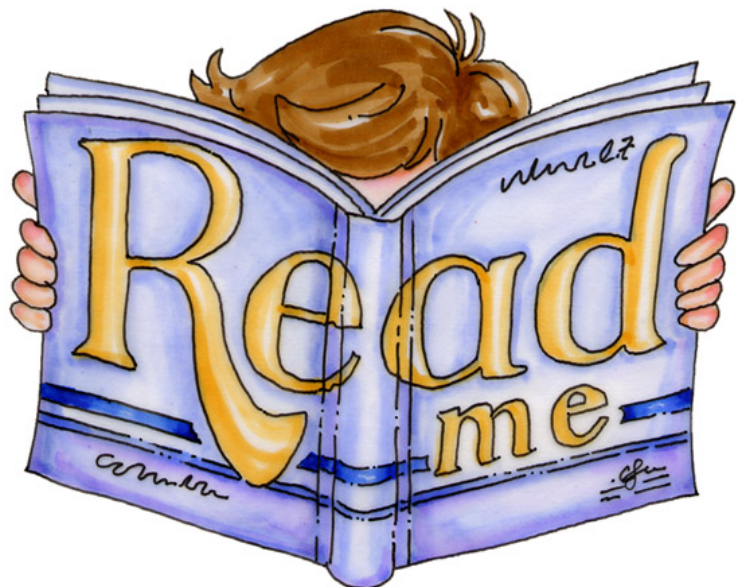

The Read-a-Thon will be held September 29 – October 8. The annual Paper Pie* Book Fair will be November 4-8 in the school library. Details to follow at a later date.

The Reading Log and Pledge Sheet will be sent home with the scholars the week of September 25 and will also be available on the school website. Pledges are not required in order to participate in the Read-a-Thon. All scholars are able to compete for the book reward and recognition in the yearbook, as well as the classroom popcorn party.

Please turn in reading logs and any pledge money collected to the front office no later than 12:00pm on Monday, October 16. There is also an online option to collect pledges and submit reading logs!

To see the books available from Paper Pie, please check out the website at paperpie.com

If you have any questions, please contact our school librarian, Mrs. Tinker at jtinker@archwaytrivium.org
